### **Transcript Evaluation and Course Selection**

We will begin evaluating transcripts by looking at sample transcripts. Follow these general steps when evaluating transcripts:

1. Identify any D's or F's. Depending on your post-secondary goals, these are courses you may need to recover.
2. Evaluate the academic standing (graduation status, A-G status, GPA, etc.) by using the guidelines on the Transcript Evaluation Chart.
3. Identify next steps for credit recovery (if needed) and courses for next year
