

Carlmont High School

Summer Course Contract

Please return by May 20

Complete this form if your student intends to take a non SUHSD summer course with the intent of "skipping" a year-long course in a program sequence. All sequence advancements will be reviewed by a Counselor and/or Administrator and a conference may be required prior to the completion of the sequence advancement process.

| Current Class | Current Grade |
|---------------|---------------|

Parents and students should be aware that SUHSD program sequences were designed to provide students with the necessary knowledge and skills to meet A-G requirements. While the SUHSD will accept the acceleration of students through a WASC accredited, UC approved online or summer program, not all summer or online courses are of similar quality. SUHSD students who take classes during the school year receive 139 hours of classroom instruction and do an average of 30 min. of homework for each hour of instruction (208.5 hrs). Because some online and summer courses offer much less instructional time and lack the advantage of a classroom instructor, students participating in abbreviated programs will be at a disadvantage when proceeding through a high school pathway. **Additionally, families should note that CHS will not enroll students in an AP class if they have taken the same course at the college or community college level, since it is recognized as repeating the course.**

Carlmont HS creates the master schedule based on students' course requests and **it is likely that the family's decision to place a student in a higher level class may not be reversed due to restrictions on class size and section allocation at the school site.** If the requested course is dropped because it is too difficult, your student will need to retake the course during summer school or the following school year. Students and families should understand that CHS may not accommodate a request for schedule change.

We are aware that the next course in the sequence is:

| |
|---------------------|
| CHS Course Skipping |
|---------------------|

The student will be enrolled in the following course during the summer at the following school/ institution:

| | |
|----------------|---------|
| Summer Course: | School: |
|----------------|---------|

You are required to submit evidence of course completion to the Registrar at the beginning of the school year per University of California requirements by August 6, 2021.

We request that the student be placed into the following CHS course for the 2021-2022 school year:

| |
|--|
| |
|--|

Acknowledgements:

_____ We are aware of the high school graduation and college eligibility requirements that may be affected by the decision to advance the student's course sequence via non SUHSD class.

_____ We accept responsibility for the student's continued academic performance within this discipline.

_____ We understand that this may be an irrevocable selection and that the student may not be allowed to move from the requested course into another.

_____ We understand that it is our responsibility to contact the CHS registrar, Ms. Abelt, **by August 6** if the student did not complete the summer course. Irma Abelt, Registrar: labelt@seq.org

_____ (Math) We have reviewed CHS curriculum pacing guides and understand we are responsible for the content covered in the class we are choosing to skip.
