Academic History - Standardized Testing

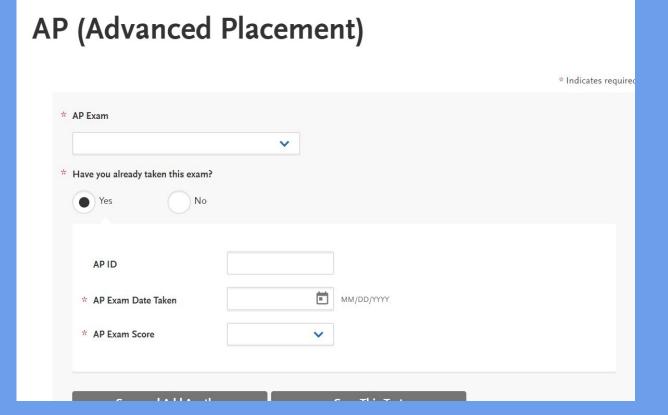

ACT and SAT test scores will not be used for any admission purposes and applicants are not required to submit these scores. If you have taken the ACT or SAT and have already sent your scores to a CSU campus, you can add your information into Standardized Tests. If this is the case, we encourage you to include your College Board or ACT ID number. If you have not sent your scores to a CSU campus, no further action is needed at this time. If you are accepted and you elect to submit your SAT and ACT scores, these results will only be used as one of the measures to place you in the proper mathematics and English courses. To reiterate, applicants who have not yet taken the ACT or SAT test do not need to for admission to the CSU, as the CSU will not consider them in any way for the purposes of admissions.

Academic History - Standardized Testing

Add AP exams you took and/or plan to take.

This section is optional. Colleges like to see follow through in regards to taking the exam after completing the course.
