

UC Application

Class of 2023

[Link to UC Application](#)

Application is open now - Submission dates Oct 1 - Nov 30

**Review this slideshow prior to completing your UC application.
These tips are geared toward Carlmont applicants.**

Before you start your application

Have available

- Your Carlmont transcript
- Your Community Colleges transcript if applicable
- List of activities, sports, employment, clubs, volunteering
- Personal information such as social security number and family income
- AP Scores if already taken and list of AP exam to be taken May 2023

- Save your user name and password for the application.
- You can use any email you wish for the application.
- Keep your Application ID number after submission
- You should click “Save & continue” at the bottom of each page to save any entered information (there is a 20-minute inactivity period after which the application will automatically sign you out).
- Applications can be submitted starting Oct 1, submitting your application on Oct 1 will **NOT** get your application reviewed first. Please take your time with your application.
- Submission deadline is Nov 30, do not wait until the last minute to submit application
- Application decisions will be sent in March.
- **After you submit you will be unable to make corrections (except for email or mailing address) Review your application before you submit.**

Section: Campuses Majors

Page: Choose Majors

Prior to applying, research majors offered at the campus of choice.
<https://admission.universityofcalifornia.edu/campuses-majors/majors/>

If you are unsure what you want to major in yet, you can choose “Undecided” or “Undeclared” if it is allowed on your campus.

An alternate major is your second-choice major. Although choosing an alternative major is optional, it's a good idea to select one if it's available at the campus you're applying to. If a campus is unable to offer you a place in your primary major, they may consider you for your alternate major. Some campuses do not allow an alternate major choice.

A capped/impacted major is a major that historically has more applicants than the campus can accept. If you choose a capped/impacted major on your admissions application, we highly recommend that you also select an alternate major that is uncapped/impacted.

Section: Academic History

Page: 7th and 8th grade

Math and Language Other than English can be entered.

If you took Geometry or above in 9th grade at Carlmont you can enter your 7th and/or 8th grade math course.

If you started 9th grade at Carlmont in a World Language level II or above, you can enter the world language course taken in 7th or 8th grade.

If you took Geometry in 8th grade and took it again in 9th grade, no need to enter the 8th grade course.

The grade you earned will not be indicated on this application.

Section: Academic History

Page: High School

Add all the high schools you have attended. If you took an online course from another high school, add the name of the high school.

The following information is for Carlmont High School

School Code 050270

Grading System A B C D F

Grading Term Semester

Academic history

Colleges attended while in high school

* required

If you took any college or university-level courses in high school, you'll need to enter them in this section.

You must enter all colleges you've attended while in high school—regardless of how long you attended, whether courses were completed or whether you believe your record will affect your chances for admission. Providing incomplete or incorrect information may jeopardize your UC admission or enrollment.

- Add all the colleges that you have taken through concurrent or dual enrollment that earned at least 3 college credits
- Community College PE course do not need to be indicated on this application
- The grading system will A B C D F
- If you plan to take a Community College course in the Spring it can be included. Once you indicate you plan to take the course, UC will expect that you will take the course.
- See slides 9 - 13 for Biotechnology and/or Marketing Communication classes taken at Carlmont

Section: Academic History

Page: College Courses taken in High School

College courses with credit of 3 units and above will be indicated on this page

For Concurrent Enrollment - refer to your Community College websmart account for the information

If the community college or college course is less than 3 units then it must be added on the Activities & Awards section.

Example - CSM summer course

Additional comments

If there's anything else you want us to know about your academic history, you can do so in the space below. But remember, you should use this space only if you want to describe anything that you have not had the opportunity to include elsewhere in this section (for example: a break in attendance, poor grades in a particular course or year, specific information about your school environment or policies that affect your academic record or choices for classes).

Section: Academic History

Page: Additional Information

Just a few
suggestions

This section is NOT for another PIQ.

This section is used for more information on your academics.

Some suggesting to include if they applicable to you:

- If you are in the BTI program add the following

I participated in the Biotechnology Institute (BTI) in 10-12th grade. BTI is a small learning community focused on science and technology. Core BTI classes include science-themed English and social studies, as well as yearly lab science courses, which receive dual-enrollment credit from Skyline College. Because of my enthusiasm for science, I chose to participate in this college-prep cross-curricular program, even though it precluded my ability to take Advanced Standing (AS) and AP courses in English and history.

- *World Studies 1 is a quarter class*
- *If your grades declined (only if you did not describe it in the PIQ) explain in this section*
- *Any other academic information not stated or clear anywhere on your application*
- *A name change during high school*
- *Unable to enroll in a certain course, explain here*
- *Our district converted to Distance Learning March 2020 - March 2021, Hybrid learning March 2021 - June 2021*
- *Our district converted to Pass/No Pass Spring 2020 & Summer 2020.*
- *If you ran out of room in your activities section - add it here.*
- *Any additional coursework taken outside of Carlmont, that is not stated anywhere else.*
- *Remember if you don't tell them something about yourself, they will not know.*

Test Scores

Statement from UC

UC will not consider SAT or ACT test scores when making admissions decisions or awarding scholarships.

SAT Subject Exam were not offered after June 2021. On the UC application, only SAT Subject Exams can be entered.

The AP Testing page indicates the exams taken and planned exams (May 2023).

Statement from UC

Elective units awarded may be applied to UC graduation requirements for specific subjects and/or for general education requirements, as determined by each campus. Although the College Board reports all AP test results to us, students should be aware AP test scores lower than 3 will not adversely affect their chances for admission.

Section: Activities & Awards

An Activity is something you do with your spare time.

- The activity does not have to be an organized activity.
- Caretaking for a grandparent, babysitting for a sibling those are activities.
- List all your activities but focus on the ones that are most important to you first
- The description should be more about you than the organization.
- Bullet points are encouraged.
- Leadership in an activity does not have to be official.
- Only report an activity in one area even if it can be applicable in multiple areas
- Other courses taken
- Write your rough draft of the section in a google doc, application times out.

Awards

- Awards can be at the school level, city level, state level, national level or international level. Parents/Guardians are resources for remembering awards you may have received. For awards you should receive end of senior year (Seal of Biliteracy, Capstone Diploma etc)-indicate on track to receive.

Activities & awards

Add activities & awards

* required

You can enter your activities and awards one at a time. First, select a category from the dropdown menu below. Once you've selected a category, you'll be able to tell us more about the activity or award in the follow-up questions.

Description of categories

Award or honor: We want to know about the awards and honors you've received that mean the most to you.

Educational preparation programs: Any programs or activities that have enriched your academic experiences or helped you prepare for college. ⓘ

Extracurricular activity: These could include hobbies, clubs, sports or anything else you haven't had the chance to tell us about.

Other coursework: These are courses other than those required for UC admission (courses that do not fit in UC's A-G subject areas). ⓘ

Volunteering / Community service: These are activities you've donated time and effort to without getting paid.

Work experience: This is for telling us about any paid jobs or paid internships you've had. ⓘ

Read through the descriptions and add anything outside of the classroom.

Scholarship & Programs Section

You can apply to a number of UC scholarships (that means free money) right here in the application. The scholarships listed below are awarded to students with specific backgrounds, academic interests or career objectives. If you don't see any categories that are relevant to you, don't worry. In addition to these scholarships, each campus and many alumni associations award a variety of scholarships that recognize students' achievement and potential. You will also need to file a [Free Application for Federal Student Aid \(FAFSA\) or California DreamAct](#)

Section: Personal Insight

Page: Personal Insight Questions

- This application times out within 20 minutes.
- Copy and paste the questions into a word or google doc..
- When completed, then paste it back into your application.
- Only write about COVID if your circumstance was unique.

All PIQs could be review by either your counselor, your english teacher if you are in ERWC), or a trained reader.

Information on PIQs from UC

<https://admission.universityofcalifornia.edu/how-to-apply/applying-as-a-freshman/personal-insight-questions.html>

Section: Personal Insight

Page: Additional Comments

How is this Additional comments area in this section different from the Additional comments area in "Academic history"?

This comments area can be used to explain anything that may be unclear in other parts of your application. The Additional comments area in the "Academic history" section can be used to explain circumstances that affected your academic record. The purpose of the Additional comments areas is not to answer an additional personal insight question.

**Remember
Do Not Repeat
Yourself!**

**Not a space
for an
additional PIQ**

Possible uses of this section:

- Parents/Guardians lost their job due to COVID
- Change in extracurriculars due to COVID (loss of opportunity or newly found one)
- How COVID or social justice movement impacted decision to apply to UC and/or your intended major
- Elaborate on something in your application
- Unusual personal circumstance
- Last chance to tell the UC something about yourself that is NOT in any other part of your application-if you don't tell them, they will not know!

**Questions?? Ask Mrs Rasor in your College & Career Center
nrasor@seq.org**

Before you submit your application, you should review all the pages and sections, even if they are marked as complete.
Mrs Rasor can review the academic history portion of your application before you submit.

Keep track of your
UC Application password
UC Application ID

For General Application Questions

If you have a question about the application, call the UC Application Center at (800) 207-1710 (within U.S.) during normal business hours, or email ucinfo@applyucsupport.net.
